

PhytoCompounds™

Providing Natural Solutions
for Compounding

The PhytoCompounds™ product lines of natural bases are ethically sourced from the Fazenda das Lavandas WNF farm in Monte Verde, Brazil and compounded to create various phyto-complex (mixture of plant extracts) AnazaoHealth® preparations

AnazaoHealth®

PhytoCompounds™ Product Lines

The PhytoTress® prescription hair care product line includes the patented TrichoTech™ technology, an intelligent phyto-complex that balances the entire hair system- Bulb, Scalp, and Shaft (BSS). It is natural, based on plant extracts, and is free of controversial ingredients and impurities. PhytoTress® product line includes seven different vehicles that can be used individually or in combination. The line consists of PhytoWash™, PhytoCond™, PhytoSol™, PhytoFoam™, PhytoOil™, PhytoSerum™, and PhytoCream™. Latanoprost, Minoxidil, Finasteride, Ketoconazole, Clobetasol, and other active ingredients can be compounded with specific bases.

The PhytoTress® Cosmetic Line was developed to reach our customers who wanted to purchase PhytoWash™ and PhytoCond™ bases without a prescription medication. The demand was the ability to use the products on a personal daily basis and for physicians to resell in their practices.

PhytoZenRx™ is a prescription nasal spray that is made from a phyto-complex called Pinetonina™. It is derived from essential oils of Lavender (*Lavandula angustifolia* Mill. and *Lavandula dentata*) and Fennel (*Foeniculum vulgare* Mill.) and can be compounded with various active ingredients.

PhytoDesinRx™ is compounded with a natural base phyto-complex called Miodesin™. PhytoDesinRx™ is a co-processed blend of extracts from natural ingredients and can be compounded with various active ingredients. A patient-specific prescription is needed for this product.

PhytoClean™ Liquid Soap contains essential oils of Melaleuca, Eucalyptus, Rosemary, Lemongrass, Sweet Orange, Lavender, and Palmarosa. No synthetic fragrance, Paraben free, and not tested on animals. No prescription is necessary for this product.

Can be Compounded with Individual Active Ingredients or any Combination of:
Latanoprost, Minoxidil, Finasteride, Ketoconazole and Clobetasol

PhytoSolRx™

PhytoWash™

Is a **shampoo** made with non-irritating ingredients. The formulation cleans without destroying fatty acids and promotes lasting hydration, softness and flexibility to the hair.

PhytoCond™

Is a high-power moisturizing **conditioner**. It keeps the structure aligned and firm. The adjusted pH of PhytoCond™ (always less than 4.5) promotes the final cohesion of the hair cuticles.

For All Hair Types

All PhytoTress® Products are Free of:

- Parabens
- Boric Acid
- Triclosan
- Peanut Oil
- Formaldehyde
- 1, 4-Dioxane
- Lanolin
- Benzyl Alcohol
